

TO WHOM IT MAY CONCERN

THIS IS A SIMPLE DRAWING OF MY IDEA OR INVENTION TO SHOW AND AID OFFICERS IN ENFORCING THE MANDATORY SEATBELT LAW.

SO THEY WILL KNOW WHEN DRIVER AND PASSENGERS IN A VEHICLE HAVE THEIR SEATBELTS FASTENED, THIS WILL MAKE IT EASIER AT NIGHT, FROM THE REAR, AND MEETING A VEHICLE FROM A DISTANCE.

MANY LIVES WILL BE SAVED AND THIS SHOULD BE IN EVERY VEHICLE ON THE HIGHWAYS.

Thank you  
Mike Harrison

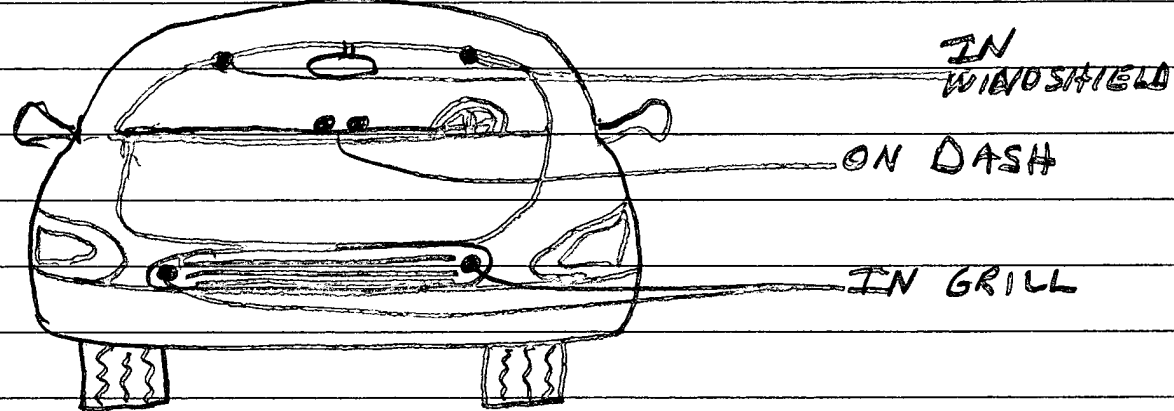

THE NAME OF MY INVENTION IS  
"MIKE LIGHTS"

NOTE: I am just recovering from a stroke and my signatures are the best I can do right now.

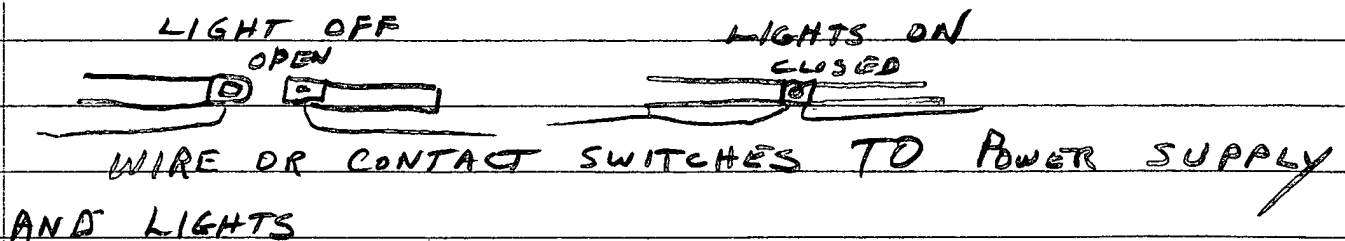

Mike Harrison

## FRONT VIEW VEHICLE

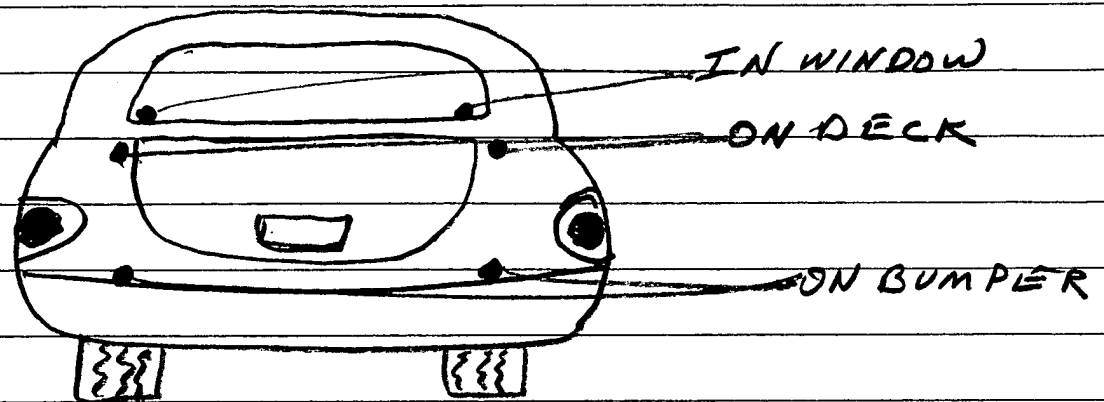

SMALL BLUE OR GREEN LIGHTS

THESE LIGHTS SHOWING SEATBELTS ARE FASTENED CAN BE MOUNTED ANYWHERE SO OFFICER MEETING THE VEHICLE CAN TELL. WOULD BE VERY HELPFUL AT NIGHT ALSO.

## REAR VIEW

THESE LIGHTS CAN BE MOUNTED ANYWHERE ON REAR OF VEHICLE SO OFFICERS CAN TELL IF THE SEATBELTS ARE FASTENED FROM THE REAR, ALSO VERY HELPFUL AT NIGHT.

NOTE: THESE LIGHTS CAN BE MOUNTED ANY WHERE THE AUTO MANUF. THINKS THEY ARE MOST EFFECTIVE.
